THE VOLVO

Warranty and Service Booklet

is a valuable document

Your Volvo is manufactured from the finest materials with the most careful Swedish craftsmanship and precision. With your car you receive this warranty and service booklet which ensures and protects your Volvo's factory warranty, entitles your Volvo to one free service inspection and contains coupons with recommendations for maintenance inspection, which should be performed at certain intervals. Please read this booklet thoroughly. You will find it to be a valuable document.

2

Delivery Service

Your Volvo was carefully tested and adjusted before delivery to the Volvo dealer, who in turn performed further checks in accordance with instructions from the Volvo factory.

Free Service

The warranty on page 4 is subject to the condition that the free service inspection, at 1500 miles, has been carried out by an authorized Volvo dealer in accordance with the inspection schedule shown on the reverse side of coupon marked "1500 miles free service coupon."

Preventive Maintenance

It is obviously in your interest to obtain the best economy of operation and to have your car in safe and reliable condition at all times. Preventive maintenance will eliminate the occurrence of minor defects which may otherwise become quite serious.

The Volvo factory assists you in giving your car regular maintenance by listing the service recommendations on the back of each respective coupon which should be carried out every 6000 miles and onwards through 66,000 miles. On the coupon which is in the booklet your Dealer enters the date, the mileage and his stamp, thus providing you, the owner, with a complete record of regular maintenance through a mileage of 66,000 miles. This record will prove to be quite valuable when the car is resold or traded in.

Regular Lubrication pays

The most important point in the servicing of a car is lubrication. Your Instruction book contains full lubrication instructions. Careful lubrication at specified intervals means

that your car will run easily and economically, and add to its trouble-free life. By making sure that the correct types of oil and grease are used, you may rest assured that your maintenance costs will be low.

Your Volvo Dealer Knows

If you let your Volvo dealer carry out regular inspections and lubrications you can be sure that your car will receive the very best care. All Volvo dealers are continuously informed by service courses of the best way to service your Volvo. You will derive full advantage of the accumulated knowledge and experience of both the Volvo factory and its dealers when you take your car for servicing and maintenance to an authorized Volvo dealer.

VOLVO INC.

- Warranty -

Vehicle Identification Number:

Delivered On

We hereby undertake to warrant the vehicle specified in this booklet to be free from defects in material and workmanship for a period of six months from the above mentioned delivery date.

This warranty implies that we undertake to
4 replace free of charge any part or parts

acknowledged by us to be defective in material or workmanship and to compensate for reasonable labor costs involved in replacing or repairing such part or parts.

The warranty is not valid for defects on any vehicle which has been involved in an accident, re-built or modified unless it is clear

that such defects are not a result of this.

The warranty does not cover tires, electrical equipment, instruments and other parts which are guaranteed by the manufacturer concerned.

THE WARRANTY IS ONLY VALID PROVIDING THAT THE FOLLOWING CONDITIONS ARE OBSERVED:

that the vehicle is used normally and maintained in accordance with our current recommendations

that the prescribed free service inspection is carried out at about the correct mileage,

that only genuine Volvo spare parts are used

that replacements and/or repairs are carried out by an authorized Volvo dealer.

WE ACCEPT NO RESPONSIBILITY OR COMPENSATION LIABILITIES OTHER THAN THOSE MENTIONED ABOVE.

VOLVO INC.

Rockleigh, New Jersey 07647

Safety Notes!

1. Buckle your seat belt.
2. Maintain correct air pressure in the tires and ensure that they are in good condition.
3. Check the operation of the windshield wipers periodically.
4. Keep the windshield washer full and in operating condition.
5. Make sure you can see adequately through the glass and mirrors.
6. Lock your doors from inside to ensure against accidental opening from outside.
7. Make a habit of checking all lights for proper function.

Drive Carefully!

Volvo maintenance operation and maintenance service

On the following pages you will find coupons with the factory recommended maintenance service intervals. Your car is a precision instrument, and as such it deserves regular and expert maintenance which you will best find at your Volvo dealer. By following the maintenance pro-

gram as outlined herein you will benefit from long, trouble-free and economical operation of your Volvo, and experience many years of happy motoring. This booklet covers maintenance through 66,000 miles. Thereafter a new maintenance service booklet can be obtained from your Volvo dealer.

NOTE TO OWNER

This maintenance program, while designed to give optimum maintenance service, cannot cover all the different applications a Volvo could be subjected to. It is, therefore, beneficial to you to discuss your particular type of operation with your Volvo dealer's service manager so that he can tailor this maintenance program to best suit your particular operation.

While your Volvo may not be equipped with grease fittings, it is still most necessary to have the gearbox and differential oils checked and at the same time all points such as hinges etc. be lubricated.

The cooling system must be drained and flushed with water once each 24 months and refilled using a good quality permanent type anti-freeze.

***Engine Oil**—If a single grade oil is used, i.e. SAE 10W, 20/20W or SAE 30, or when the vehicle is subjected to unfavorable driving conditions such as city driving, the oil change intervals should be done every 3000 miles or at least twice a year. See page 37 of owners manual for specifics.

For further information regarding your Volvo you can write, giving the vehicle identification number of your car, to your respective Volvo Distributor who can be found listed on the inside of the back cover of this Warranty Booklet.
