

Mackay Consolidated Industries is an Australian owned company, serving a diverse range of markets with original equipment quality Elastomer based products.

Our expertise and proven experience in this field since the company's formation in 1932 has made us leaders in the design, development and application of elastomers in Automotive, Industrial and Defence markets.

We are a major supplier of hoses and vibration control components such as engine mounts and suspension bushes to the leading original equipment vehicle manufacturers (OEM'S). Our automotive products meet or exceed original equipment quality. We are quality Certified to ISO/TS 16949:2002, ISO9001:2008 and individual car company standards. We are also certified for environmental standard ISO 14001:2004

Considerable care has been taken in arranging this publication in order to keep it simple to follow and easy to use when referencing a hose as it applies to any particular make and model.

While every care has been taken to ensure that the information provided in this catalogue is accurate, no responsibility can be accepted for any inaccuracies that may occur within this publication.

Mackay reserves the right to alter the design, construction, detail or specification of any of the products described within this catalogue without notice.

About This Catalogue

This catalogue exclusively contains Suspension Components, Pedal Pad, Exhaust mountings and Drive Shaft Couplings. We are currently updating our range and listings and this catalogue has been released on an interim basis. All applications listed herein are current at the time of print. However, as we continuously update our range with new components, pads, mounts and applications we ask that you contact us should your required application not be listed.

We value the feedback of our customers and therefore we ask that you communicate any suggestions for improvement, listing inaccuracies, amendments etc. to us.

Please use the faxback form attached (Please photocopy) or you can contact our catalogue department on email: automotive@mackayrubber.com.au or Telephone 03 9276 4676.

We look forward to your feedback.

Note! The products featured in this catalogue are supplied by Mackay Consolidated Industries Pty Ltd to suit the vehicle models indicated.

The Mackay MULTICUSHION® range of vibration isolation mounts now give you the flexibility to cover a broad range of mounting and vibration control requirements.

The MULTICUSHION® system is a new approach in isolator selection. The large range of sizes and hardnesses (Durometer) available combined with interchangeable metric and imperial stud options allows selection of the most appropriate mount for an application.

The range of mounts available are designed to isolate vibration from the most delicate instruments through to automotive and heavy Industrial equipment
